

## Sprint 2 Report

Product Name: Life Reminders

Team Name: Off By One

Sprint Finish Date: 2/19/2015

### **Actions to stop doing:**

- Getting off topic during meetings
- Changing someone's code, that is not theirs, without telling the person who the code belongs to.

### **Actions to start doing:**

- Update the Scrum board/burnup chart more frequently.
- Communicate better.

### **Actions to keep doing:**

- Using Hangouts and Issue tracker to communicate
- Holding the SCRUM meetings as its usual time
- Follow good software design principles.
- Practicing the stand up short SCRUM meetings
- Committing (often) working code to GitHub
- Communication between teammates to ensure nothing is broken

### **Work Completed:**

- Created menu to navigate between windows
- Display list of all notifications, reminders, notifications
- Shared Storage implemented and working
- Lifestyle creation fully functional
- Reminder/Notification creation partially functional

### **Work Not Completed:**

- allow the user to edit settings for the notification
- allow the user to specify the time of a notification
- allow the user to remove reminders, have storage remove reminders
- 

### **Work Completion Rate:** On Par

- Had too much work assigned this sprint for available man-hours
