

Sprint 1 Report

Product Name: Life Reminders

Team Name: Off By One

Sprint Finish Date: 2/4/2015

Actions to stop doing:

- Let others finish speaking, stop interrupting people.
- Listen to what other people are saying and not assume that they don't understand what they're talking about.
- Committing file changes to github if we aren't sure what those changes are/do.

Actions to start doing:

- Update the Scrum board/burnup chart more frequently.
- Thoroughly test code before committing.
- Follow good software design principles.
- Communicate better.

Actions to keep doing:

- Using Hangouts and Issue tracker to communicate
- Holding the SCRUM meetings as its usual time
- Practicing the stand up short SCRUM meetings
- Committing (often) working code to GitHub
- Communication between teammates to ensure nothing is broken

Work Completed:

- Create all of the backend classes needed for the app
- Getting all of the remote API working
- Designing the basic UI of the app
- Design images needed for the design of the app
- Implementing UI flourishes
- User Story 1: (8M) As a developer, I need info and access to the Google alarm process library to wake a small process of the app to initiate the reminder
- User Story 2: (5M) As a developer, I need info and access about setting notifications in Android notification bar.

Work Not Completed:

- Storing the notifications (Expected to be finished by Sprint 2)
- User Story 3: (13M) As a developer, I need to store reminders so that I can use reminders later.

Work Completion Rate: On Par/Exceed Expectations

- Most tasks completed (2/3 user stories)
- Some tasks added in as all to do tasks are completed/in progress by other team members.

- One task delayed to a later time
- One task not finished
- 12 of the 13 tasks from the sprint were complete, with 2 of the 3 user stories completed and 1 user story with 1 task remaining in it.
